Science Bowl Match – A team is 4 or 5 middle school students from the same school, with 4 competing at any given time. The moderator reads "toss up" questions from different categories of science/math, and the first person to buzz in gets a chance to answer. When a toss-up question is answered correctly, the team gets 4 points and a chance at a "bonus" question that the team discusses as a team. Bonus questions are worth 10 points. A match takes place in two eight minute halves, with the higher scoring team winning.

Competition Structure – All teams compete in a round robin fashion during the morning. After lunch, the top 8 teams (based on results from the round robin rounds) compete in a double-elimination tournament to determine the winner of the region. Teams that are eliminated can stay to watch other matches or have a "fun" round in an open competition room.

More Information – Links to sample questions, full official rules from the DOE, a google sheet with the schedule for the day that will be updated throughout the day with results, and more is at https://cs.indstate.edu/wiki/index.php/Science_Bowl

Lunch will be in the Sycamore Dining Hall (401 Chestnut St. and labeled on the map). Each team coach is given a meal card with sufficient funds for 6 meals (5 team members plus coach) at the Sycamore Dining Hall (dining hall serving brunch, buffet style). Family members can join teams and pay for their own meals (\$13.25 each).

Light refreshments (Square Donuts, fruit, cookies, drinks) are provided in the morning and afternoon for all who are present.
